

Student Name :

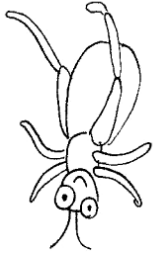

# My Bug Book

Bugs! Bugs! Everywhere! All of these bugs look different however, in a lot of ways they are all the same!

Bug's bodies have 3 main parts: head, thorax and abdomen.

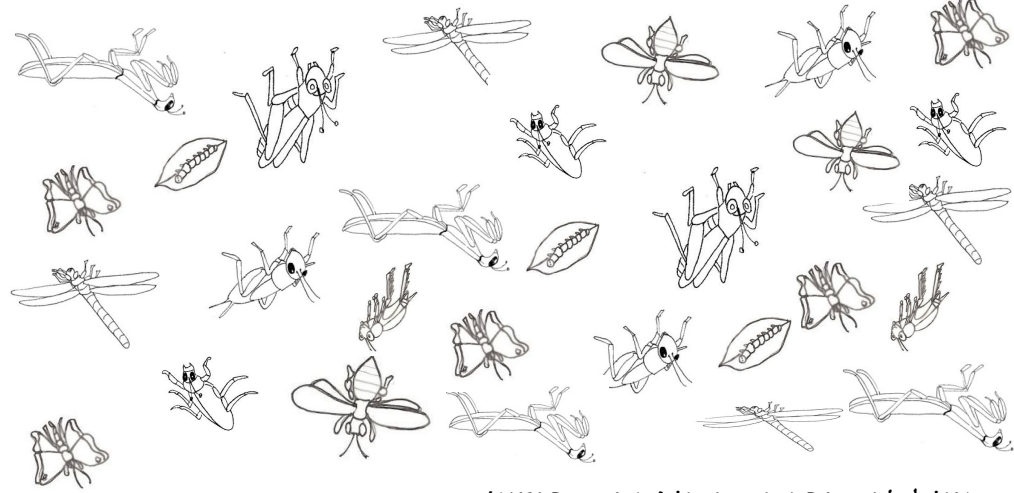

Identify the 3 main body parts on each of these bugs. Color the **HEAD- Red**, the **THORAX- Blue** and the **ABDOMEN- Green**

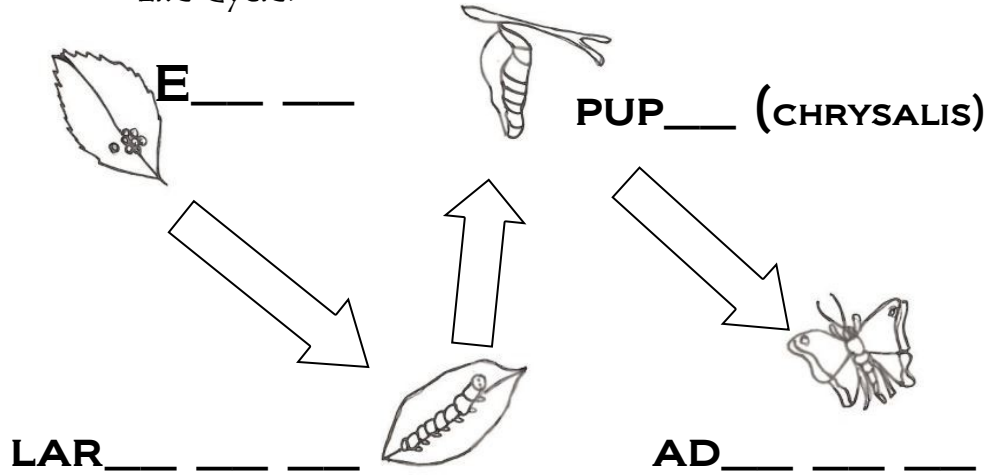

Be Ready to Learn More about Bugs and Explore The Morton Arboretum

Now count the TOTAL # of insects on this page

Did you know there are over 20,000 different kinds of insects that live in Illinois! Circle all the insects that you think you will find at The Morton Arboretum.

Some bugs are young, some bugs are old, some bugs are squishy and fun to hold! Look at the stage of a Bug's Life Cycle.

Finish the word that represents each of the stages in a bug's life!
