Self-Guided Program Letter

We are looking forward to your upcoming field trip to The Morton Arboretum! Please review the details below in order to prepare for your trip. The time frame below is an estimate, however it is important that all of these details be considered and reviewed prior to your trip. **Please note: This letter should be shared with the contact teacher who scheduled the field trip.**

3-4 weeks before your trip:

- Confirm the program details on your confirmation and statement of fees. Review these details to ensure they reflect your goals for the trip. Specifically take note of the following details:
 - Review the number of adults listed as coming in order to ensure that you will have **3 adults per group of 20 students.**
 - Review the program start time, end time and program selection.
 - Review the number of students, buses, cars, etc. to ensure these details are accurate.
 - Communicate any special needs or accommodations for any specific students, if needed (e.g. mobility concerns, etc.)
- Schedule your transportation.
 - Inform your bus drivers to bring a lunch. **They are responsible for staying at The Arboretum with the bus at all times.**
 - Confirm your program times and routes with your bus company to ensure that you will be able to arrive on time and leave with time to get back to school.
- Payment for your trip must be received 21 days prior to your program. We reserve the right to cancel any program if payment is not received 21 days prior to the program date.
- Give final totals of students and adults with the payment for your program. There are no refunds for absent students.
- Organize your students and chaperones.
 - For optimal learning and safety **we arrange for groups of 20 students with 3 chaperones.** Self-Guided Backpacks are designed for this group size.

The week of your trip:

- Copy and distribute the enclosed “Chaperone Letter” for each of the chaperones/teachers who will be attending your trip. They will want to know what to bring, and how to prepare for their day at The Arboretum. This letter is also available online in the registration information for your grade level (bottom of the webpage)
- Prepare your students and chaperones for the field trip.
 - **DRESS:** Dress appropriately for the weather and off trail hiking. This includes: closed-toed shoes, long pants, and long sleeves. Sunscreen, bug spray and hats may be appropriate. When rainy weather is predicted, please encourage students to bring ponchos, rain jackets and boots. Umbrellas are NOT recommended as they can create a safety hazard while walking.
 - **BRING:** Students and Chaperones should bring their lunch and water. There is not a lunch facility or vending machines on the grounds near the location for school programs to purchase food.
 - **ORGANIZE:** Students into groups of no more than 20 students with 3 adult chaperones.

The day of your trip:

- Bring your Confirmation. All teachers and separate drivers should have a copy of the Confirmation. This is your admission and designates your program location to the front gatehouse attendant.
- When you are participating in a Self-Guided Program, there will be no one to greet you as you arrive. Be sure you know where your group is going and the time restraints BEFORE arriving at The Morton Arboretum.
